May - June 2016
Dear Parents

What a great beginning we had!

Already completed the First Month and the classroom schedules and the activities were well under way. Children were happy and got well-adjusted to the routine of the school. Looks of “I CAN’T DO IT”, turned into looks of, “I DID IT”. It was very rewarding for us as teachers to witness this transition and I take an opportunity to share those beautiful moments with you through the very first edition of our school e-magazine, CHRYSALIS.

Along with the children’s accomplishments, you parents have been wonderful also. Your response and involvement towards many activities of our school have been overwhelming. I am so grateful for all your support and willingness for taking an active role in making Ambassador School Sharjah a “Happy Place”.

Please go through the Activity Schedule for the month of August & September. We have many busy days ahead and I look forward to share them with you.

On behalf of all staff members, I wish you and your family, Eid Mubarak! & Happy Holidays!

Regards
Archana Sagar
Principal
Parents Orientation Programme

The very first ‘orientation programme’, towards the parents of the students joining Ambassador School, Sharjah for the academic year 2016-2017, was held on 21.06.2016 at the school premises. It was a great endeavor to ignite the spirit of the beginning of the journey through its mission- inspire, inquire and innovate.
The dawn of a new era of Academics was formally heralded at Ambassador School on 01.06.2016. The isles of the school were echoing with life.... children. A new beginning, finer aspirations and hopes of Excellence have finally taken a beautiful shape.
Another day of fun filled learning
A “Welcome Assembly” for both Kindergarten and Primary children was held on the 5th June 2016. Teachers enthralled the children with their performance of “Old McDonald had a farm...” and made it more interesting by using the animal face masks.
A mother’s love and tenderness is the greatest gift of all. We, at AMBASSADOR, invited mothers of Kindergarten to their child’s class on 06.06.2016 to sing along and be an important part of their day at school.
Environment Week

The Ambassador School, Sharjah, celebrated World Environment Week from June 5 to June 8, 2016 as this week includes two important days 'World Environment Day' and 'World Oceans Day'.

We, believe children must develop a sense of respect and caring for the natural Environment during their first few years and should have positive interactions with the Natural Environment to enhance learning and the quality of life.
At Ambassador School we initiated Ramadan, a time for intensive worship and devotion to Allah; with children making FAANUSH.
Kindergarten children had a tour around the sprawling and beautiful campus, with their teachers.
Can we really take part of a banana and the end of a kiwi; put their flesh together, bury them in a pot, and grow a banakiwi? Is it possible to create a new fruit?

Our Students started investigating this fact to check out whether it can really happen or not.
Awareness Programme For Students (Good Touch & Bad Touch)

At Ambassador, to make children more aware and confident about themselves, a workshop was organized about Good Touch and Bad Touch.
Our Pre-Primary department found new ways of exploring their five senses of touch, sight, smell, taste and sound. During this Sensory Week, from 12th to 16th June 2016, several opportunities were created for the children towards identification, comparison and classification of items, as they probed through the environment around them.
Beating the heat...

School's splash pool is the most sought after play area...
Math Week

With the curiosity towards the abstractness of mathematics, our children as a part of Math Week learnt interesting aspects of this subject through activities using concrete objects.
These activities provided opportunities for students to build academic skills while having fun with their friends.
Very First Parent Teacher Meeting

18th June 2016

International Yoga Day

This year’s observance of the International Day of Yoga highlights the important role healthy living plays in the realization of the Sustainable Development Goals. At Ambassador, children were exposed to this ancient physical, mental and spiritual practice, symbolizing union of body and consciousness. It was supported with healthy eating.
Awareness Programme For Students (Health & Hygiene)

As a part of the Healthy Week, an awareness programme was organized for all children by our School Nurse, through an explanatory presentation about maintenance of Health and Hygiene.
Healthy Week

This special week, from 19 to 23 June 2016, shines a spotlight on the great efforts our school has done in order to improve the health and wellness of the students and the link between nutrition, physical activity and learning – because healthy kids learn better!
Last working day before summer break
Glimpses from our class rooms
